FORM C

HOLDINGS OF DIRECTORS AND OFFICERS IN THE EQUITY SECURITIES OF THEIR COMPANY AS OF SEPTEMBER 30, 1939

This form was sent to about 300 directors and officers of 17 companies having no securities registered under the Securities Exchange Act of 1934. Fifteen of these companies were ultimately included in the list of 200 largest companies.

Form C was derived from forms employed under section 16 (a) of the Securities Exchange Act of 1934 (Form 4) and section 17 (a) of the Public Utility Holding Company Act (Form 5), the major difference being that Form C requires the reporting of proportionate beneficial ownership in the case of indirect holdings whereas the others do not.

Temporary National Economic Committee
Form C

HOLDINGS OF DIRECTORS AND OFFICERS IN THE EQUITY SECURITIES OF THEIR COMPANY AS OF SEPTEMBER 30, 1939

Company Name of person whose ownership is reported

Business address; street, city, State

Relationship of respondent to company ¹

The undersigned owns, directly or indirectly, the following amounts of equity securities ² of the above company:

Identification of security (such as class "A" common stock, \$6 preferred stock, etc.)	Nature of ownership (whether direct or through holding company, partnership, etc.)	Number of shares or units on reporting date

Remarks:

Date of report Signature

¹ Indicate whether an officer (giving title of office) or director or both.

² The term "equity security" means any stock or similar security; or any security convertible with or without consideration, into such a security; or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right.

INSTRUCTIONS FOR FILING FORM C

1. *Filing where no equity security is owned.*—If an officer or director requested to report owns no equity securities of the company in which he is an officer or director, he should nevertheless file a report on Form C expressly stating that he has no such ownership.

2. *Date as of which holdings are reported.*—Each director or officer should report his entire holdings of equity securities of the company of which he is an officer or director as of September 30, 1939, regardless of when or for what purpose individual blocks may have been acquired. However, if the respondent has engaged in any transaction one month either prior or subsequent to the requested filing date, which transaction may tend to make the report unrepresentative, it is requested that the relevant facts be noted.

3. *Signature.*—The report should be signed by the person reporting or specifically on his behalf by a person authorized to sign for him.

4. *Business address.*—The business address should be that of the person by or in whose behalf the report is signed.

5. *Identification of security.*—The security should be clearly identified even though there may be only one class.

6. *Nature of ownership involved in each type of holding.*—The nature of ownership (whether direct or through holding company, partnership, or trust, etc.) should be specified as to the number of shares of principal amount of each class of security held at the reporting date.

7. *Method of reporting extent of indirect ownership.*—(a) When respondents have any interest in a holding company, partnership, or trust which owns equity securities in the company in which he is an officer or director, the respondent is requested to give the full official name of the holding company, partnership, or trust, its entire shareholdings and his own proportionate interest in the shares held, giving the number of shares which comprise this interest.

(b) *Identification of types of indirect ownership.*—Where more than one type of indirect ownership is involved (e. g., two or more holding companies) each should be separately reported and identified.

(c) *Securities held through nominees.*—The fact that securities stand in a street name or are held through a broker or other nominee does not in itself constitute indirect ownership. Securities so held, should therefore, be reported under direct ownership.

NOTE.—It is desired that you inform us as to all your holdings of, or interest in the equity securities of the company in which you are an officer or director, no matter how indirect or remote this interest may be. You may, if you desire, disclaim beneficial interest in any equity securities as to which you disclose information.
